Ambienta SGR SpA ("Ambienta") is pleased to announce that it has won the Private Equity ESG Fund of the Year at the 2020 Sustainable Investment Awards, organised by Environmental Finance. This accolade is the latest in a series of sustainability and ESG awards the firm has won over the last 12 months, reaffirming Ambienta's position as the leading sustainability-focused European asset manager.

An advisory panel consisting of industry experts selected Ambienta as the Private Equity ESG Fund of the Year for its distinctive ESG in Action programme and its unique sustainability driven investment strategy. Ambienta has always considered ESG as a value creation tool and the secret lies in the creation of its own meticulous industrial approach, which goes far beyond a mere administrative box ticking exercise. Since inception, Ambienta has contributed to saving ca. 1,600,000 tons of materials and 240,000 Tons of energy, as well as reducing 6,300,000 tons of CO₂.
