Ambienta SGR SpA ("Ambienta"), the leading sustainability-focused European asset manager, has named its new Board of Directors, nominating Carla Ferrari as President of the Board. Carla Ferrari holds senior roles in a number of blue-chip Italian financial institutions. Having already served as Non-Executive Director on Ambienta's board from 2008 to 2012, Ferrari takes on the role of President from Antonio Segni, who leaves the Board after twelve years.

In addition, Alfredo Altavilla has also joined the Board as Non-Executive Director. Altavilla holds key positions in leading Italian and international industrial companies. The new Board of Directors takes charge on 16 July 2020.

**Nino Tronchetti Provera, Managing Partner and Founder of Ambienta**, commented: "I would like to thank the previous Board of Directors for their exceptional work. I am particularly grateful to Antonio Segni, who served as President of the Board for twelve years, taking on the role just a few months after the launch of Ambienta. At the same time, I would like to welcome back Carla Ferrari and welcome Alfredo Altavilla: I am certain that together we will achieve further significant goals. I am very pleased that there is a woman at the helm of Ambienta's Board: this is the best way to enter the next three years, which will be an important period for the firm."
