## Ambienta awarded Best ESG Private Equity Initiative of 2022 by Private Equity Exchange & Awards

- The award recognizes Ambienta's sustainability approach and commitment to ESG in Private Equity
- Ambienta's investment strategy has been complemented with a pervasive ESG program
- Ambienta's *ESG in Action*<sup>®</sup> program, 10 years running, has been recognized once more

**Ambienta SGR SpA ("Ambienta")**, one of Europe's leading asset managers entirely focused on environmental sustainability, is delighted to announce that it has been recognised as the **Best ESG Private Equity Initiative of 2022** by Private Equity Exchange & Awards.

The Private Equity Exchange & Awards is one of the major Pan-European events on Private Equity & Restructuring, gathering high-profile speakers and celebrating leading players of the industry. More than 80 outstanding experts, including Limited Partners from across the world, elect the best managers in each category. Nominated firms are pre-selected by the market research department of Leaders League, in conjunction with the recommendations provided by an Advisory Board composed of high-profile Jury members.

The judging process is extremely rigorous, confidential and based not only on the information provided by the nominated Private Equity houses but also on the experience and market knowledge of a panel of outstanding Jury Members. Ambienta is a renowned leader in environmental sustainability investing and in ESG integration, having always considered it as a critical risk management and powerful value creation tool for its portfolio. Ambienta has developed a proprietary *ESG in Action*<sup>®</sup> programme to focus investment and management teams' attention on concrete and implementable steps towards the management of ESG issues in their operations. The impact of the programme is directly quantifiable (e.g. improvement in energy efficiency, certification standards raising...) and aims at creating a legacy and an engrained ESG culture that lasts far beyond Ambienta's ownership.

**Fabio Ranghino, Partner and Head of Sustainability & Strategy at Ambienta, commented:** "Being recognised as the Best Private Equity ESG initiative of 2022 by Private Equity Exchange & Awards is a testament to our efforts to improve and expand our sustainability footprint via an investment strategy with measured environmental impact across the portfolio as well as through deep ESG integration. At Ambienta, committing to sustainability means not only a unique investment strategy focused on environmental sustainability but also recognizing ESG integration as a powerful value creation tool. We have concrete evidence that our proprietary *ESG in Action*<sup>®</sup> programme, with its adaptability and practicality, has been able to create value while nurturing a cohesive and inclusive company culture."

---END---

### **Ambienta**

Ambienta is a leading European environmental sustainability asset manager. Operating out of Milan, London, Paris and Munich, Ambienta invests across both private and public markets and manages over €3.0 billion in assets with a focus on investing in companies driven by environmental megatrends and whose products or services improve resource efficiency or pollution control. In private equity, Ambienta has completed 57 investments to date. In public equity markets, Ambienta has pioneered one of the world's largest absolute return fund entirely focused on environmental sustainability and manages a full suite of sustainable products ranging from low-risk multi-asset fund to equity long only.
